

RIGID POLYURETHANE FOAM

- PUF SANDWICHED PANEL
- PREFABRICATED SHELTERS
- COLD STORAGE INSULATION
- COLD ROOM DOOR
- PRE-INSULATED PIPES
- PUF PIPE SUPPORT
- PUF PIPE SECTION

PUF INSULATED SANDWICH PANEL

We offer the range of thickness of panels as follows with various application options:

Wall Panels : 40mm – 150mm

Roof Panels : 30 mm – 80 mm

Benefits of Sandwich PUF Panel Sheets:

- Energy Savings (Low Thermal-Conductivity)
- Lighter and Easier to Install
- Durable and Inexpensive

**Thermal
Insulation**

**Sound
Resistant**

**Energy
Saving**

**Moisture
Resistant**

PREFABRICATED SHELTER

Site Office

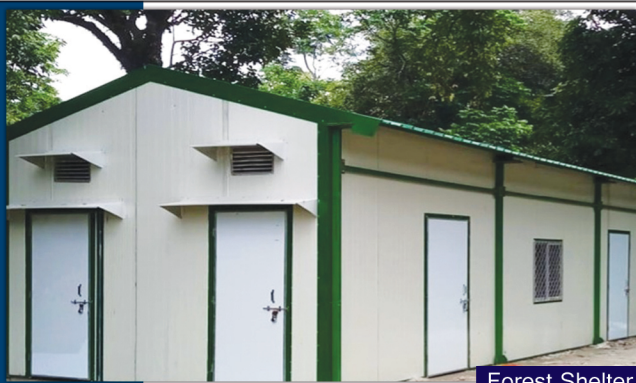

Work station

Army Shelter

G+1 Shelter

Forest Shelter

Labor Hutment

Weathering
with exceptional
Lifetime resilience

Thermally Efficient
building are cooler in
Summer, Warmer in winters

High Quality factory engineered solution,
The shelters can be fabricated according
to the required specification. Ideal for
Healthcare, Commercial, Training centre,
Defence, Site Hutment etc.

COLD ROOM INSULATION

Processing Unit

Cold Room Door

Cold Room

Dairy Industry

Cold Storage

Thermally Efficient

Our insulated panel cores guarantee superior thermal performance in hot and cold condition

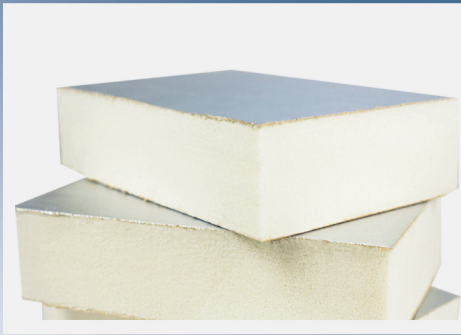

Guaranteed Airtightness

Our factory pre-engineered systems incorporate high precision joints, which create unsurpassed airtight buildings.

We build Cold Rooms & Cold Storage of required dimension, temperature ranging from +25 to -40° C.

Our Insulated panel systems are manufactured to provide superior build quality with rapid & safer on-site assembly with guaranteed thermal performance for the building.

PUF SLAB

Unifix PUF Slab are the most economical insulation material, Rigid PUF Slabs are used for floor & Under deck insulation.

Also available with Craft paper & Aluminium foil.

PUF PIPE SECTION

Unifix PUF Pipe Section are available in different pipe sizes, From 15 mm NB to 600 mm NB or desired dia & thickness available from **30 mm to 150 mm**.

Also available with Craft paper & Aluminium foil.

PUF PIPE SUPPORT

Unifix PUF Support are available in different pipe sizes 15 mm NB to 600 mm NB.

Density : 160 kgm³ +10 kgm³

PRE-INSULATED PIPE

Unifix factory made pre-insulated pipe system used for distribution of hot & chilled water, gas & petroleum products.

The system is engineered in 3 layers –

Layer 1 : Heavy duty carrier pipe made of Steel/PVC/HDPE

Layer 2 : PUF insulation section

Layer 3 : GI/Aluminium/HDPE Cladding

Plot – 8, Phase – II, Kasba Industrial Estate,
Kolkata – 700107, West Bengal
